ASSOCIATIONS' COOPERATION WITH THE TOWN

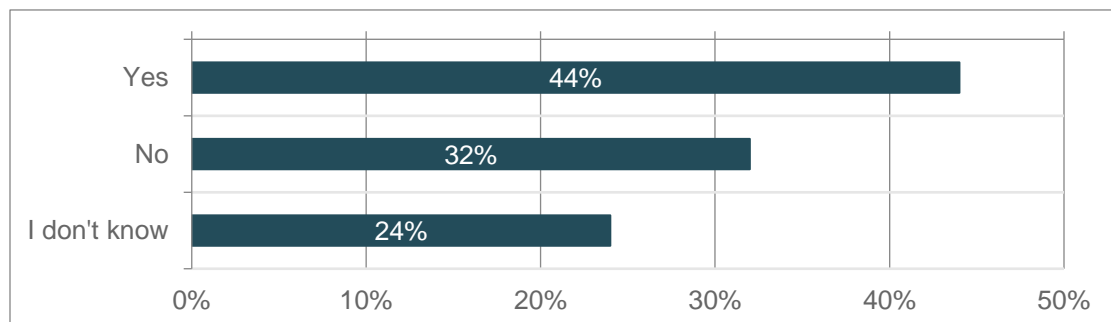

In the Question of the Week the residents were asked: *"Are you active in an association/a club?"*

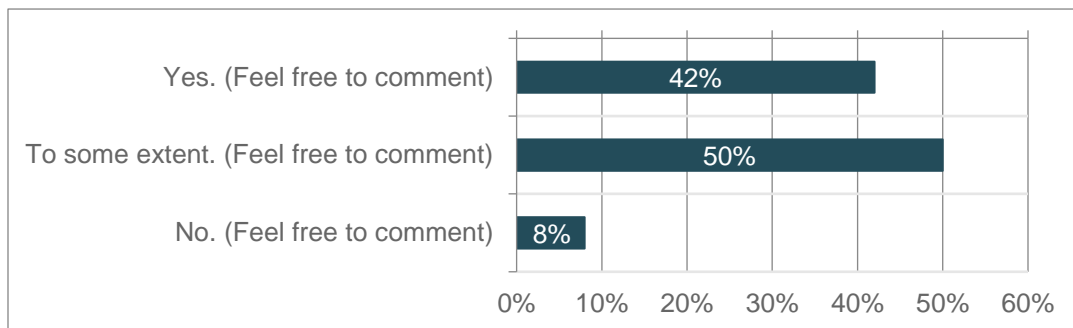

What is your role in the association? (You can choose both alternatives)

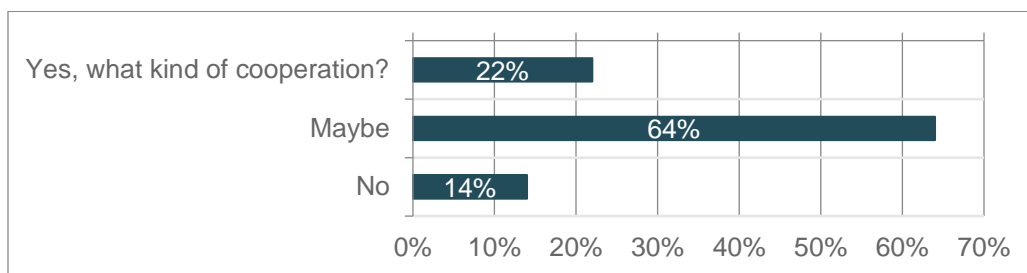

Does your association/Do your associations have some cooperation with the town of Jakobstad?

Has the cooperation with your association/associations and the town of Jakobstad worked fine?

Would your association/associations wish that the town initiates an extended cooperation, for example networking, information etc?

Those who replied **Yes**, were given the option to respond to what kind of cooperation it could be. 42 people responded and in addition to financial support/cheaper rents for sports halls it was suggested that the town could provide free meeting places or rooms. This was also emphasised: cooperation, networking, exchange of information, possibilities and synergy effects between the associations, association meetings, association fairs 1–2 times yearly, better information on the town’s website about associations in the town, using the associations as positive marketing for the town, and engaging associations in the development of the town.

NEXT STEP

We thank you for the valuable feedback. During the autumn, the sports and culture offices will set up a meeting forum for the city's associations so that we can continue our cooperation together in an honest and open manner.
